About us

Nexford Kids International Preschool is committed to delivering a modern early childhood education inspired by global teaching practices. We focus on creating a nurturing, engaging, and multicultural learning environment where children develop confidence, creativity, and essential life skills from an early age.

Founder

Founder of Nexford Kids International Preschool, dedicated to building a joyful, safe, and globally inspired learning environment. With a vision to bring international standards of early education, he aims to nurture young minds and prepare them for a rapidly changing world.

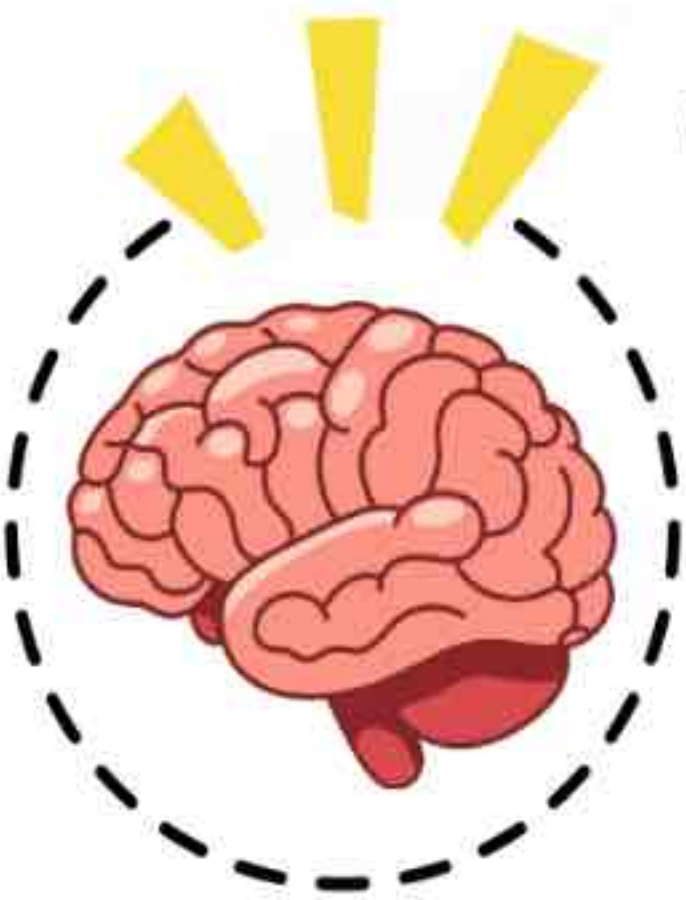

Vision

To establish Nexford Kids as a leading international preschool that nurtures confident, curious, and independent learners. We aim to provide a strong global foundation that empowers children to explore, adapt, and succeed in a diverse and evolving world.

Mission

Our mission is to create a child-centered learning environment based on international early education practices. We focus on experiential learning, creativity, communication, and critical thinking skills. By integrating modern teaching methods and a caring atmosphere, we aim to ensure holistic development and lifelong learning for every child.

Why is Preschool Necessary for Kids?

85% of brain development happens before the age of 5 years.

Children who attend preschool enter primary school with **60%** stronger pre-reading skills, richer vocabularies, and improved math skills compared to those who do not attend.

US Inspired CURRICULUM

The Nexford Kids International Preschool Curriculum is a thoughtfully designed early childhood education program developed exclusively by Nexford Kids. Inspired by leading U.S.-based early learning curricula and aligned with India's National Education Policy (NEP) 2020, it combines global best practices with the needs of Indian learners.

Our curriculum follows a holistic, child-centered approach that nurtures curiosity, creativity, and independent thinking while promoting active, hands-on learning. It blends international educational standards with Indian values and cultural relevance to provide a balanced and engaging learning experience. The curriculum supports every aspect of a child's development, including cognitive, language, physical, social, emotional, and creative growth, while building strong foundations in literacy, mathematics, science, communication, and life skills, preparing children confidently for lifelong learning.

The integration of Montessori principles further enhances experiential and hands-on learning, fostering independence, critical thinking, and problem-solving skills. This approach not only aligns with the NEP 2020's focus on early childhood care and education but also prepares children to navigate the challenges of a dynamic world, laying a strong foundation for their future educational journey. The London Kids Partner Edwell K5 Curriculum represents a comprehensive and adaptive model for early childhood education in India.
